	<i>Discussion</i>	<i>Action</i>
- Ops Plans- - Sub Recipient Agreements <i>Jeffrey</i>	We are currently reviewing the Ops plans and have sent messages to those who need to correct numbers. Margaret will send out a list of other items for revision. We need quick turnaround to submit to ONC. The SR agreements will go out on the 18th for Y2 award. We are working on a mechanism for rolling over unspent funds. Please invoice Jeffrey for ONC travel to Orlando – follow your institutions travel policy. Please send Jeffrey a copy of your admissions criteria – tuition/financial aid is highly auditable and we need to be defensible. Step 1: forward formal program admissions criteria or statement of open enrollment to Jeffrey.	
- North Dakota's preceptorship model - What's cooking in contract training <i>Cindy</i> <i>All</i>	Cindy is working with larger urban area facilities and gearing curriculum into their current training programs for clinical rotation (nursing, radiation techs, etc.) She gives them a summary of the curriculum objectives so that they may pick and choose or customize the online training at no cost. Paul is utilizing BC's idea and has pitched courses in terms of meaningful use and it was a 5 minute sell! Anthony has connected with WSMA for incumbent training (40 hours over 8 weeks). We can make it available to all MCs. Trying to get CME credits. Cindy is working to take nursing students (AHIMA) through their program. Patricia and Margaret are meeting with nursing program as well. Spokane is looking to work with nursing students too. Rita has created a survey for hospital association regarding Human Resources, readiness, and training needs. She is still going over the information gathered.	Cindy will send nursing program curriculum over to Michele.

• Web Access to ONC EMR lab • Employment: http://www.informationweek.com/news/healthcare/EMR/showArticle.jhtml;jsessionid=XGOBV5WO2YXKLQE1GHPCKH4ATMY32JVN?articleID=220700404&pgno=2&queryText=&isPrev= <i>Patricia</i>	We are using Toolwire to provide cloud access to ONC EMR lab – we are moving forward with a contract and will make it available free of charge to the Region on a subscription basis per term. Students can access in a few weeks. We will ask for a preview that we can show to Region A. This article “Why Your Next IT Job Will Be In Healthcare” is a nice piece and could be shared with students as a marketing piece.	
What else?		
<i>Next Region A Meeting March 17. Thanks!</i>
