

Colorado HITECH Symposium
EVALUATION RESULTS

		Very Useful 1	2	3	4	Not Very Useful 5
1. Was this information useful to you?	Matt Guy T = 29	14 = 48.3%	7 = 24.1%	6 = 20.7%	2 = 6.9%	0
	Bryan Eckhart T = 29	22 = 75.9%	5 = 17.2%	0	2 = 6.9%	0
	John Otto T = 29	16 = 55.2%	8 = 27.6%	3 = 10.3%	2 = 6.9%	0
	Dr. Kern Low T = 29	24 = 82.8%	3 = 10.3%	1 = 3.45%	1 = 3.45%	0
	Jill Sell-Kruse T = 29	21 = 72.4%	4 = 13.8%	3 = 10.3%	1 = 3.45%	0
	Mark Gonzales T = 28	13 = 46.4%	7 = 25%	5 = 17.9%	3 = 10.7%	0
2. What are one or two things you found most beneficial today that you plan to use in your daily work?	- EHR Implementation, Informatics - Understanding Culture, Workflow, Why Health Information Tech. is important - Jill Sell-Kruse session that will better prepare me for looking for a job (since I will be looking so when I graduate) - How important HIT is in the workplace as well as security. - How Dr. Low's EHR helped his practice. Jill Sell-Kruse's talk about professionalism - Flowchart - Bryan's example of workflow is very useful. Jill's suggestion on Dressing for success is very informative and how to work with others is very useful - The evidence to go HER is really huge & implementing now has incentive verses loss or fines. - Inside Info very useful due to experience in their field - Security issues, Professional & Customer Service - The department & communication info - Learning more about ICD-10. Making sure I understand all the agencies & what I must comply to - Further Education, New Technology - The Educational, and about all the new Technology - Opportunities in IT for the clinician - I plan of using this info with the rest of my student life and also when I get to the workforce - Everything actually - Educate me more on the newer technology					
3. Which type of healthcare field or organization are you representing?	Health Admin.- Coding and Billing 18	Nursing Student – CSU Pueblo 2	Hospital 1	Mental Health Hospital 1	Billing (Anesthesia) 1	Adjunct Faculty & LT Health 1
	IT 1	HIT 1				
		Strongly Agree		Agree		Strongly Disagree

		1	2	3	4	5
4. The location of the symposium met my expectations...	T = 29	12 = 41.4%	6 = 20.7%	5 = 17.2%	4 = 13.8%	2 = 6.9%
5. The time devoted to the symposium seemed reasonable...	T = 29	9 = 31.0%	7 = 24.1%	12 = 41.4%	0	1 = 3.5%
6. If an annual symposium, I would plan to attend again...	T = 29	11 = 37.9%	8 = 27.6%	9 = 31.0%	1 = 3.5%	0
7. The price for the symposium seemed reasonable...	T = 29	8 = 27.6%	5 = 17.2%	12 = 41.4%	2 = 6.9%	2 = 6.9%
8. I believe others in the community would benefit from the materials presented today.	T = 29	13 = 44.8%	6 = 20.7%	6 = 20.7%	3 = 10.3%	1 = 3.5%
9. Other comments: (Comments listed exactly as written by attendee.)	• It was very helpful and gave plenty of information. • This was a great seminar. I learned & understand more in way presented. Very interesting and speakers made it to where you could understand , very knowledgeable in their fields. Would love to attend another one of their seminars. Corrine Johnson • I felt that Dr. Low's presentation was rushed & there were some papers missing from the handouts; also, some of the handouts, the print was too small. • N/A • Good Workshop. But pretty much boring, it's so hard to just listen for eight hours!!! • Re: #5, written along the border 'Fast, Fast, Fast' • It was very informative, but there was a lot of redundancy • In a better seating arrangement/more comfortable & more ergonomically conducive to muskuloskelatal. Additional Comment beside Session 5 Speaker: Some of His is redundant. Most new & useful is How HIPPA & HITECH effect IT. • Two things found most beneficial today: Security, Professional & Customer Service – Kathy Stowers, Student PCC • I enjoyed when Jill Sell-Kruse went over appearance and what is proper. Not many people know what the proper way to dress or appear to be, at an interview. Diana Zavala • I think that a more comfortable meeting place is needed. Bea Lucero-Martinez • This was very informative. Betty Moore, CSU School of Nursing • I think the time allowed for this symposium needs to have a better time between sessions and time for lunch, not a working lunch. • I suggest having it at the Ballroom. • I think it should be at Ballroom. Nicole Vega					
10. Name, Email, Organization (Optional)	If included, placed name at the end of their Comment, listed in #9.
