<i>Agenda Items</i>	<i>Discussion</i>	<i>Action</i>
MC Milestone Baseline Tab Year 1 Close – out Year 2 Budget Revision Process Year 2 Sub-awards and amendment Quarterly milestones <i>Jeffrey & Patricia</i> Updates from the ONC: - Approximately 80% of the questions on the competency exams will be derived from the level-1 curriculum content for the specific roles. - National Coordinator - Short(er) Term Training -Mary McMahon- Pueblo CC	Due tomorrow Apr 15th-most will forecast to 300 Recd final acct reports for most MCs. New finance workbook coming soon Due 15th OR: value added, DSU has students interested in taking it when it becomes available. They are funneling the info to their students. AHIMA will put certification toward these once the exams are made public. Farzad Mostashari -energetic and driven to succeed. Had been Blumenthals deputy. He is asking for loads of data. 6 mo ceiling on training, but where is the floor? 8hr training is the floor. Will need essential elements – will give them more employable. Mary made a convincing case as it came from industry. Also put together a 15hr non cr incumbent training program. Well received in the community. Currently being used at 4 different locations in CO. Geared toward role 3 but can be incremental-does not have to speak to all of a role and should be marketed as such. Mary can make it available to MCs. Carol has an instructor that will be excited about this. Some competition between universities has surfaced. Requirements- job or background. Employer attestation as an attachment. Can be either virtual or face to face.	

	Cindy wanted to know if when the curriculum became available to the public if the use of VISTA would also be available. Their nursing program is interested in using it.	Patricia will have to check on it and get back to Cindy.
