<i>Agenda Items</i>	<i>Discussion</i>	<i>Action</i>
Monitoring Preparation – What to Expect Oct 4-5 <i>Jeffrey</i>	The ONC is sending a monitoring team to Bellevue College (BC) on October 4-5 as part of its on-going monitoring efforts. I wanted to give you a run-down of the monitoring team’s expectations for those two days and the implications for you. The ONC monitoring team will be engaged in audit-type activities. The ONC will spend the two days randomly requesting documentation from BC as well as from Member Colleges We expect they will request the following items so please have them ready: · Back-up receipts for specific transactions · Time & Effort Reporting for specific individuals (that includes secondary verification including producing on-line calendars, email traffic, etc.) · A sub-recipient finance workbook for a specific reimbursement · An attestation for a student that was reported as “placed” on the Student Information Report · Any “public-facing” documents (grant-related emails, flyers, certificates, printed curricula, employer attestations, etc.) to make sure they include the grant branding statement (see my signature below for branding statement) · How do we (Program Managers at each school) verify that labor claims are accurate? I.e. Outlook calendar, email traffic, documents/deliverables	

	The ONC requires that we produce requested documentation within three hours of the request being made. As such, we need for someone at each college and your sub-recipients to be available. Get list from Jeffrey Please be sure Program managers and fiscal partners as well as SRs should be available and let us know phone numbers where all can be reached.	
Public Health Program Building & the ONC <i>Patricia & Jim Aspevig</i>	Jim-surprising level of interest, most qualify for 30% Medicaid. Eligibility as Health Provider is problematic. Would like to know if a physician that is on a board could claim eligibility if not using MU in their own practice. Jim will report back to us after call with David Hunt. Please let Jim know if anyone else has any experience with this.	
#1 Resume Alignment Workshop- Oct 15, 5:30 pm <i>Yvette</i>	Please correct date to October 10th – live webinar. Focused on aligning resume to a job description. Will have a second one and both will be recorded.	
VA Project Update <i>Margaret</i>	Starts on Sept 27th. 40 hr subset of ONC materials – maps closely to workforce dev role. We have guest speakers – will give a VA perspective on video segments. 50 students/1 instructor/1 cybrarian/TA. /3 education techs. Learners are at diff levels/job roles/time zones. Discussions should be interesting.	
What’s the news in your project? <i>All</i>	Carol-hospital committed to 25 employees for on-site incumbent training. This is second and a third is pending. Workflow training in November. Paul-OR convention for HIE – Paul met Farzad Mostashari, MD, ScM, and talked about our Region-he incorporated into his speech. Jim-just got back from statewide public health conference. 20 signed up for ph training.	

	LindseyND-200 students soon and Mercy hospital second group about to start. Dorine: good Samaritan 236 starting on Sunday. Sue-offering SD curriculum – 278 students, attrition rate at 80%. Anthony- VA, PH, MedIT going well.	
	<i>Next Region A Meeting September 29. Thanks!</i>
