Allscripts EHR for academic use
Margaret

EHR vender has developed for students a sandbox offered at no cost, however-the institution has to host it and count as 50k contribution. Nicely done-has feedback and pop ups to guide the learner. Useful for medical office or med reception.

Margaret will send out 1 page info sheet to MCs.

What's new with you?
All

Jim dealt with a web based vendor-now only using in one course-they somehow managed to get certified in meaningful use.
Will help place certified students.

*Next Region A Meeting **October 13**. Thanks!*
